About the Program

In the tradition of expanding students' experience and knowledge within the scope of higher education, SolBridge actively engages in student exchange with its many partner universities. This document is meant to serve as a guide for students interested in applying for exchange programs. In this document, students can find definitions, requirements, and obligations of SolBridge Outbound Exchange Programs.

Program Requirements & Procedures

The outbound student exchange program provides SolBridge students with the opportunity to study for one or two semesters at a partner university and transfer credits back to SolBridge. With many institutions in numerous countries, students have plenty of choices for selecting a host university. In order to qualify to participate in the program, SolBridge students must fulfill the criteria set by SolBridge and the host university.

Generally, students who go on exchange pay tuition to SolBridge. They are not required to pay tuition or enrollment fees to the host university, but they do pay other expenses such as residence, activity fees, medical insurance, flights, etc. to the host university. In some instances however, the agreement between SolBridge and the host university may require students to pay tuition (and other costs) to the host university in which case they are treated as Study Abroad students. Students are advised to consult with the Study Abroad Office about the payment terms before selecting a host university.

Eligibility Requirements

In order to apply for outbound exchange programs, students must meet the following SolBridge criteria.

1. Semester eligibility:

	Minimum Credits Earned
BBA	2 semesters completed AND at least 18 credits earned
MBA/MS	1 semester completed AND at least 12 credits earned

BBA Students are eligible to participate in an Exchange program starting from their 3rd semester of studies up to the 7th:

!An Exchange program cannot be the last semester of studies before graduation at SolBridge.

2. Recommended CGPA and English Proficiency:

	Recommended Cumulative GPA	Recommended English Score*
BBA	3.0	IELTS 6.0 TOEFL iBT 60-78
MBA/MS	3.0	IELTS 6.5 TOEFL iBT 79-93

* Typically, universities in English-speaking countries require an official valid (non-expired) English proficiency certificate; while countries where English is not an official language can typically accept a SolBridge confirmation letter (can be issued by Study Abroad upon request).

For precise information on the language proficiency and other requirements, please consult the University Factsheet (page 39).

If students do not meet the minimum credits requirement at the time of SolBridge application, they are still eligible to apply for exchange so long as they are able to complete the required minimum BEFORE the start of semester at the host university.

Other Eligibility Requirements

! **BBA transfer** students on a **dual degree** status (earning a degree at home university) are **not eligible** to participate in exchange programs. Students are considered dual degree transfer students if they earn a degree from a home university as well as a SolBridge degree.

! **BBA transfer** students on a **regular** status (not earning a degree at home university) are eligible to participate in an exchange program once, however an exchange program cannot be the last semester of studies before graduation at SolBridge.

For regular transfer students, an exchange program may lead to a delay in graduation: students must carefully select courses and credits earned during exchange to ensure they meet SolBridge graduation requirements.

! BBA students can not participate in an exchange program during their **over-year semester or as their final semester** of study at SolBridge. Students must complete at least one regular semester of study at SolBridge after returning from an exchange semester to be eligible for graduation.

! **Graduate (Master) students** completing the 1-year program are eligible to participate, but participation will likely lead to a delay in graduation.

! Regular BBA students wanting to apply for **dual degree programs** should not apply for exchange programs unless they are willing to give up the credits earned during the exchange and agree to complete additional semester(s) at SolBridge to fulfill the course and credit requirements for dual degree programs.

! Students are not allowed to participate in any exchange or dual degree program with a partner university which is in their **home country**. It is against the intention and the meaning of exchange program which is encouraging students to experience the different culture in other foreign countries to build up their global mindset and vision.

Application Procedure

1. SolBridge Application

a) Check the eligibility requirements of Exchange Program (page 8).

b) Submit the SolBridge Study Abroad application form* - details announced by an email from Study Abroad.

*The application form is a Google Form, a link can be found in the SolBridge student email announcing the Exchange Program Application.

Application is done one semester in advance:

- In February for the upcoming Fall semester programs.
- In August for the upcoming Spring semester programs.

Applications are to be submitted by the deadline, as announced by email.

Applications submitted after the deadline will not be considered.

Please Note:

For the safety of the students, exchange program may be cancelled in case of a **natural disaster / virus outbreak / etc** by the Home or Host University Authority.

As part of the application, you will be asked to choose up to 3 universities, in order of preference: #1, #2 and #3.

Please choose the universities wisely, as you may be allocated to one of the three universities.

Consult Study Abroad should you need assistance with choosing the university.

c) After the submission of the application, students will be assessed, and the results of the university allocation* will be announced to students by email.

d) Next, you will need to confirm your selection by email.

*University Allocation:

Please note that there is a limit on the number of students that can participate in an exchange program at one university. Generally, up to 2 students can participate in an exchange program at the same university per semester.

When more applications than the limit are received for the same university, student spots will be selected based on their academic performance, and students with lower academic performance will be allocated to their #2 or #3 university of preference, as indicated on the application form.

2. Partner University Application

a) Upon receiving a confirmation from a student, Study Abroad will officially nominate* the student to a partner university.

*Nomination is a process of communicating a student's basic details including email address, for a host exchange university to be able to communicate the next application steps to a student.

b) Next, the partner university will contact the nominated exchange program participants by email and you will be asked to fill out application form of the host university.

Typical documents required to submit to a host university:

- Scan of Passport
- Scan of Transcript with grades
- English Proficiency Certificate*
- Resume / CV

*See page 8 for English Proficiency

From this point on, you can start communicating directly with the host university, while Study Abroad will remain in the background and assist you upon request.

c) Next, host university will notify students of the admission decision, and the acceptance letter will be issued, an important document for visa application (also known as Admission Letter, Letter of Offer, Admission Notice, etc.)

3. Visa, Courses & Travel Arrangements

a) While waiting for the admissions decision, start finding out about the application process and processing times for the host country visa.

Each student is responsible for their own visa application, while SolBridge and the host university can provide official documents upon student's request.

Submit your visa application as soon as possible and make necessary travel arrangements while keeping in mind the orientation and semester start dates at the host university.

Consult SolBridge Student Services team on Korean Visa / residence card validity.

b) Consult Study Abroad on how the courses earned on an exchange program can be transferred back to SolBridge and fill out the Learning Agreement together with Study Abroad representative.

You must notify Study Abroad of any changes in your course selections and update the Learning Agreement accordingly.

c) Once accepted to the host university, submit a copy of your acceptance/admission letter to the Study Abroad office.

Make sure to inform the Study Abroad Office and the host university of any changes in your plans to participate in an exchange program.

Very Important!

After an exchange semester at the partner university, Study Abroad office **must receive a transcript** from student / host university. It should be sent to studyabroad@solbridge.ac.kr.

The transcript is required to transfer the grades and to renew the scholarship.

Outbound Exchange Program Application Checklist

With Study Abroad 1. Consult Exchange program Handbook and select at least 3 universities to participate in an Exchange program.

Optional: consult Study Abroad for help on selecting a host university.

With Study Abroad 2. Submit the SolBridge Study Abroad application form, indicating 3 universities of choice in order of preference: #1, #2, and #3

Application period and form are announced by SolBridge student email.

With Study Abroad 3. Receive an email from Study Abroad with the university allocation results and confirm your host university selection.

Students with higher academic performance will be allocated their #1 choices first.

With a Host University 4. Upon receiving a confirmation from a student, Study Abroad will nominate the student to a partner university and notify a student of successful nomination.

With a Host University 5. Receive the application guideline from a host university and submit the host university application.

With a Host University 6. When asked to select courses by the host university, consult Study Abroad on how courses from an Exchange program can be transferred back to SolBridge and fill out the Learning Agreement (a template available).

With a Host University 7. Receive the Acceptance Letter from a host university - an important document for your upcoming visa application (also known as Admission Letter, Letter of Offer, etc.). Please submit a copy of the Acceptance Letter to Study Abroad.

Mostly by Oneself 8. Apply for a host country visa. Each student is responsible for their own visa application, while SolBridge and the host university can provide official documents on student's request (e.g. Certificate of Enrollment, etc.).

Mostly by Oneself 9. Make other necessary travel arrangements while keeping in mind the orientation and semester start dates at the host university.

Mostly by Oneself 10. Prior to departure from Korea, consult SolBridge Student Services team on the immigration matters (residence card validity, re-entry permit, etc.)

Mostly by Oneself 11. Have a safe flight to a host country and enjoy the Exchange program!

Credit Articulation & Scholarships

Students participating in an exchange program can transfer their credits to SolBridge if the courses are approved by the Study Abroad Office. Transferable credits are credits from courses at the partner institution that are articulated as equivalent to SolBridge courses, and approved by the Study Abroad Office before the student's enrollment at the partner institution.

All courses are transferred on a Pass/Fail basis. Courses that cannot be articulated with SolBridge courses generally transfer back as Elective credits. Students should consult with the Study Abroad Office during the application process regarding transferability of credits.

Course Selection Guidelines & Learning Agreement

Every Exchange program participant should consult Study Abroad on how the courses from an exchange program can be transferred back to SolBridge and fill out the Learning Agreement together with Study Abroad representative. The template of the Learning Agreement can be requested from Study Abroad.

Student who select courses without approval of the Study Abroad courses risk having complications with credit transferability.

The steps of the course selection process are outlined below:

1. Review your Course Checklist on the SolBridge Academic Information System (info.solbridge.ac.kr) to determine your SolBridge graduation requirements. Take a note of the number of credits you need to complete in each category (i.e. Core, Specialization, Language, and Elective).

Path to Course Checklist at info.solbridge.ac.kr:

Course->Curriculum->Course Check-List

2. Review the partner university's course list and try to find courses that have titles and course descriptions similar to courses you need (e.g. if you have not taken Introduction to Corporate Finance, you may select a course with the title "Corporate Finance" or "Financial Management").

Note that courses that are not similar to any SolBridge course will transfer back as Elective courses (e.g. courses such as "Traditions of Indonesian Culture", "French Language", "Artistic Expressions in Modern Society", etc. will transfer back as elective courses).

If you are applying to a European university, you will notice that the ECTS credit system is very different from the system you are used to at SolBridge. Generally, a total of 30 ECTS credits will equal 18 SolBridge credits. Please consult with the Study Abroad Office if you have any questions about ECTS credit conversions.

3. Request the template of the Learning Agreement from Study Abroad representative and make sure to write down your choice of courses in order of priority. You can write down additional courses in the second section so that if one of your courses becomes unavailable (e.g. class is cancelled, is full, or conflicts with another course), you can then choose courses from the second section. Submit the completed Learning Agreement to the Study Abroad Office.

The Study Abroad office will review the list of courses you have selected and will inform you of the equivalent SolBridge courses (you may be asked to provide course syllabus/description).

4. After you get approval from the Study Abroad Office, you can inform the partner school of the courses you would like to take.

5. After you receive confirmation from the partner school about your courses, inform the Study Abroad Office of your final course list.

6. Most universities allow students to change their courses at a later date. If any changes need to be made to your original course list, you MUST submit a new Learning Agreement to the Study Abroad Office to obtain official approval for adjusting your course selection.

Your courses will not be officially approved if you fail to complete all the steps in course selection procedure.

If the deadline for submitting your courses to a partner university is fast approaching and you would like to submit your course list as early as possible, you may at your own risk, submit the list to the partner school first and later get the approval from the Study Abroad Office. However, students who select courses without approval of the Study Abroad courses risk having complications with credit transferability.

1

Review course check-list and determine missing credits/courses

2

Check Partner University course list and select courses that are similar to missing courses

3

Fill out Learning Agreement and submit it to Study Abroad Office

4

After getting approval, submit list of approved courses to Partner University

5

Inform Study Abroad Office after getting confirmation from Partner University

6

If changes are made after final approval, new learning agreement must be submitted to Study Abroad

Credit Enrollment and Transfer

The regular semesters credit enrollment requirement for students who proceed on outbound exchange are given below:

	Minimum Credits per Regular Semester	Maximum Credits per Regular Semester
BBA	9	18
Graduate Programs	6	12

Students should consult with the Finance Office regarding minimum credits requirement for scholarships.

Grade Transfer

Grades from the partner university will be transferred back on a Pass/Fail basis. The maximum number of credits that can be transferred on a Pass/Fail basis are shown below:

	One Regular Semester	Two Regular Semesters
BBA	18	36
Graduate Programs	12	Do not apply

In order to obtain a Pass grade, students must have achieved a Pass level mark (grade) or higher as per host university regulations. Depending on the academic structure of the host university, such computation may include credits taken during winter and summer terms at the host university if such arrangements are available. If credits taken during short-term sessions are transferred separately, then they might not be included in scholarship assessment. Students should consult with the Finance Office to get more information about scholarship assessment (solfinance@solbridge.ac.kr).

Scholarships

Students proceeding with outbound exchange programs will pay their tuition fee at SolBridge as per their existing scholarship level for the period of exchange.

Study Abroad students may be asked to pay the tuition at the partner university and SolBridge if required by the MOU agreement with the partner university. In order to renew their scholarship for the subsequent semester(s), students must satisfy the SolBridge scholarship conditions for the period they remain on exchange. Students on scholarship should consult with the Finance Office before deciding on the number of credits to be taken at the host university. If students are unable to submit their transcripts to the academic office in time for the scholarship application period, their scholarship application decision might be delayed.

Outbound Policies

Length of Study

Students may study at the host university for the agreed time of one or two semesters so long as they do not violate the laws of the host country or policies of the host university. If a student wishes to study at the host university longer than the initially agreed time of one semester, they must inform the Study Abroad Office at the end of their first semester.

After obtaining permission from SolBridge, the student must follow any necessary procedures of the Host University for processing the extension. If the student applies for a two-semester (1-year) exchange from the start of his/her application, then the student is not required to re-apply for the second semester abroad.

Withdrawing from the Program

Students can withdraw from the program at any point during or after the application. However, students must inform the the Study Abroad Office about their decision. Students are encouraged to carefully consider their decision before submitting an application so that withdrawals can be avoided.

Tuition scholarships are generally not applicable to Study Abroad students. However, after completing the exchange program, Study Abroad students can renew the scholarship they previously held at SolBridge according to the renewal conditions.

Obligations

- 1.** While studying at the host university, students must comply with the host university's rules and regulations, and students are subject to the host university's disciplinary actions as described in its Student Code of Conduct. In addition, students will be liable for any damages caused by them to the host university's property. The same applies to the host country's laws and its penal system. Students may be expelled from the host university or have their visa revoked by breaking the host country's laws or the host university's rules.
- 2.** Students are responsible for their non-tuition expenses. This includes books, residence, flights or other costs which they may incur while studying at the host institution. SolBridge is under no obligation to provide financial support to students to cover non-tuition expenses.
- 3.** Students are responsible for applying for and obtaining visas to exit Korea and enter the host country. The Study Abroad Office will provide official documentation if necessary but will not be held liable if a student's visa application is rejected or if a student is unable to obtain a visa on time.
- 4.** Students must submit transcripts from the host university to Study Abroad in a timely manner to process the transfer of credits and grades.

Important Points to Remember

1. Students should be aware that most partner universities have a limit on the number of students they can accept. Students should therefore take note that applications will be assessed on a first-come-first-served basis and students will be selected on the basis of their academic performance (GPA) and time of application submission. If two students have equivalent GPA, the student who submitted their application earlier will be selected. This does not apply to students who submit their application after the stated deadline.

2. Students must recognize expectations and standards vary from university to university and country to country, therefore, performance at SolBridge may not always be a predictor of performance elsewhere. While studying at the host university, students should meet the host's expectations and they should try to get familiar with these expectations before arrival or soon after. Although effort is made to ensure that exchange students who best represent SolBridge are selected, their performance may not always be what was expected or hoped for.

3. Once the learning agreement has been approved, students must take the same courses listed on the agreement or they may suffer from taking courses which cannot transfer or work towards a timely graduation from SolBridge. Students who cannot for no fault of their own, select the courses in the learning agreement after they arrive at the host university, must seek approval for a new learning agreement from the Study Abroad Office. Students should consult the international student advisor or equivalent at host institution for a list of available courses and descriptions. They must then communicate with SolBridge Study Abroad Office to get approval for the list of new courses. The process of change must be initiated as soon as possible after the commencement of

the semester at the host university. There will be no appeal for students who do not follow this procedure and register for courses that cannot be articulated with SolBridge courses.

4. If students do not meet the minimum credits requirement at the time of application, they are still eligible to apply for exchange so long as they are able to complete the required minimum before the start of the admission semester at the host university. Applications submitted under these conditions will be monitored to ensure that the students complete the minimum credits before attending classes at the host university.

5. An English certificate, when required by the host university, will be provided only for students who submit official English scores (or genuine online results) and successfully pass the initial screening interview.

6. International students must ensure their Korean D-2 visa (alien registration) is valid for a period of one (1) year or more at the time of application. This is to ensure that students' visa does not expire before or during their exchange semester thereby creating complications for re-entry into Korea. Students whose Korean D-2 visa does not meet these conditions are required to extend their visa prior to their departure. Students should consult with the SolBridge Immigration & Visa officer regarding requirements and procedures for the Korean visa extensions.

7. Students should not apply to a host university that does not have an exchange agreement with SolBridge. Credits from such a university are not transferrable to SolBridge. If students wish to apply to such a university, the students must bear all the responsibility of being exchange students on themselves. In addition, the students must submit a temporary leave of absence request form to the SolBridge Academic office.

Frequently Asked Questions

1. Can I go on exchange to a university that does not have an agreement with SolBridge?

No, credits are not transferrable without an agreement.

2. How is my scholarship at SolBridge affected by my grades during exchange?

Your grades are transferred back on a Pass/Fail basis so if you pass all the courses and register for the minimum credits required for scholarship, you can maintain your scholarship. You must remember to submit your exchange transcripts to Study Abroad office in a timely manner. Please consult with the SolBridge Finance office (solfinance@solbridge.ac.kr) for further information.

3. Can I register for any course of my choice at the host university if I cannot register for the courses I listed on my learning agreement?

You have to get the approval from the Study Abroad office before making changes. Otherwise, you might face difficulties with credit transfer.

4. Can I submit TOEFL instead of IELTS or other English scores?

Generally yes, unless TOEFL is specifically required by the partner university. You may use the equivalency tables below for reference purposes only:

	TOEFL IBT	TOEFL PBT	IELTS	TOEIC
BBA	61-78	513 - 547	6.0	600 - 700
MBA	79-93	550 - 587	6.5	700 - 800

5. Can I still go on exchange if none of the courses count towards my graduation?

Yes, but be aware that if you go, your graduation will most likely be delayed.

6. Can I withdraw from a program after being accepted?

Yes, but you must inform the Study Abroad office and get an official approval. We strongly recommend that you do not submit an application unless you are sure of going abroad.

7. During exchange, if I fail only one course, can I still maintain my scholarship?

No. An “F” grade in even one course will affect your scholarship. Please consult with the SolBridge Finance office (solfinance@solbridge.ac.kr) for further information.

8. My alien registration will expire during my semester abroad, can I still go?

Yes, conditional you renew your alien registration before you leave Korea. Contact the SolBridge Immigration officer (studentservices@solbridge.ac.kr) regarding visa issues. But if you plan to go on exchange for one year, you do not have to extend your alien registration because it will be cancelled automatically after you leave Korea.

9. I am an international student, if I leave Korea for an exchange program, what will happen to my Korean Visa?

If you go on exchange for 2 semesters (12 months), your alien registration will be cancelled automatically after you leave Korea. Therefore, you will need to re-apply for the visa before you return to Korea.

If you go on exchange for 1 semester (6 months), your alien registration will not be cancelled after you leave Korea. However, if you stay abroad for more than the scheduled length of time (6 months), your alien registration validity is not guaranteed. Therefore, you are strongly advised to plan your exchange carefully and return to Korea within 6 months to avoid the complication of visa reapplication.

Please contact Student Services Department (studentservices@solbridge.ac.kr) if you have any questions on the visa regulations.

10. I have already been on exchange and have a total of 70 credits (15 credits earned during exchange). Am I still eligible to apply for a 2+2 program?

You can apply ONLY if you are willing to give up the credits you earned during exchange (15 credits) and agree to spend an extra semester at SolBridge to complete 15 or more credits. This is to fulfill the 50% residency requirement set by Korean Government.

11. I am in my 8th semester and still need to take one more semester to graduate. Can I apply to go on exchange in my final semester which will be my 9th semester?

No. BBA students can not participate in an exchange program during their over-year semester or as their final semester of study at SolBridge. Students must complete at least one semester of study at SolBridge after returning from an exchange semester to be eligible for graduation. Summer & winter semesters count as a semester upon return.

12. Can I apply to participate in an exchange program in my final semester, which will be my 8th semester?

No. BBA students can not participate in an exchange program during their over-year semester or as their final semester of study at SolBridge. Students must complete at least one semester of study at SolBridge after returning from an exchange semester to be eligible for graduation. Summer & winter semesters count as a semester upon return.

13. I want to go on exchange for two semesters, but I want to apply to two different schools, is that possible?

Yes, you can apply to two different schools. If you will be on exchange while applying to the second school, you must make sure to maintain contact with our office so that you don't miss any important deadline.

14. I have been on exchange twice. Can I apply to go on exchange a third time?

No, students can go on exchange only for two semesters (i.e. twice).

15. I am not sure which exchange program would be best for me. What advice/resources are available to help students select a school?

The university you select will depend on what criteria is most important to you. You may consider making your selection based on factors such as reputation of the school, programs available, program costs, cultural experience. We advise students to attend our information sessions to get a better idea on the options available to them and how to select schools.
